## KIPP WOODS IS COMING TO KANSAS CITY

### What Is Missouri Outdoors?

Missouri Outdoors brings the spirit and exuberance of our outdoor heritage to life.

Kipp Woods is your host for 30 minutes of discovery into the little known, and well known outdoor treasures of Missouri.

From lush Ozark mountains, to crystal clear streams, to lonely flowering prairies, and mysterious cyprus swamps. Experience adventures in hunting and hiking, fishing and wildlife and the people who enjoy it.

Missouri is a uniquely rich state and Missouri Outdoors brings it to you.

It's an adventure into nature for the entire family.

I hope you can join us to meet Kipp Woods and hear about what it takes to produce a TV show of this caliber. Kipp will walk us through the shows history as well as discuss the adventures in making the show and current trends in outdoor videography. This event is ideal for video producers, writers, directors, pretty much anyone interested in producing top quality video for television and the web. As always, I encourage students to attend this incredible learning opportunity. Please RSVP to me as soon as possible. Hope to see you this Wednesday evening. **Dustin McEntarfer**
