Industry professionals who attended the show give us their take in a conversational manner about the new technology, what's good - what's bad, the big announcements, etc., etc.. It's a great way to get a feel for the direction of the industry if you were unable to attend NAB.

STAY TUNED

Be on the lookout for the upcoming newsletter highlighting this years Pro Track Conference and Media Festival in Anehiem, CA.

As you can imagine, being in California there will be lots of great presenters and learning opportunities.

Not a lot has changed from the last newsletter to this one. Just a few more windy days and a few more Royals losses. The main thing is this coming Wednesday night when we have our annual NAB Wrap-up Event. IBT Media is hosting, the dinner will be great, and our NAB panel will be terrific. Please RSVP if you have not done so and remember to put the next After Hours on your calendar.
