## MCA-I PRO TRACK 2008

Anaheim is the ultimate fall destination for video and new media pros who want to learn from the industry's brightest and best. Network with professionals across the world. And play in the California sun!

## OCT. 31 - NOV. 1

Also taking place the same week as MCA-I Pro Track is HD Expo West. You can get two conferences in one. They are just miles from one another in Los Angeles. That is what I will be doing. I am hitting the HD Expo on Oct. 29-30 then going to sessions and discussions at Pro Tracks the following two days. And if that wasn't enough to cram into a week, I will be attending our media festival that night to watch everyone else win some awards then I am also playing in the scholarship golf tournament on that Sunday. Hobnobbing with some industry experts over a round of golf sounds like a good way to wind down the week. For the people making the financial decisions at my company it made a very compelling case to attend two great conferences with one trip. I attended Pro-Track last year and the presenters, people and education are terrific. See the websites below for the line-up of presenters and sessions. Please contact me for additional information or questions.

## Video Judging

Place - TBD  
Tuesday, Sept. 28  
6:00pm - 9:00pm

We will be judging media festival entries for a local MCA-I chapter out of Wisconsin. Dinner and drinks (non-alcoholic) will be provided for members. This is a no cost event and will replace this month's After Hours. Members, please add this to your calendar and help judge. We will need 7 members to fairly and accurately score the entries. Though, members are needed, everyone is welcome to attend and judge.

Contact me to RSVP

Thanks, Dustin
